5. 2022 Service(s) and Programs

Jan. 30 service **Intent on Trees** conducted via ZOOM only due to storm. Lots of technical glitches, although all info/music had been given to tech and music folks well in advance. Resolved to request complete run thru with tech folks ahead of any future service to ensure all is correct (some elements, but not all, were confirmed the morning of this service).

April 24—Theme is “Awakening”- Discuss possibility of UUME service, pre-recorded.

Downsides of this are: inability to preview ahead; recorded service for in-sanctuary service not appealing; cost (\$315 minimum). **Committee members** will review entire resources sent out by UUME <https://www.uumfe.org/resources/spring-for-change-2022/worship/> and plan to discuss via email on or before Feb. 28. If needed, another topic will be chosen.

Program for April or May- film screening offered through IP&L—description--“*This year’s Faith Climate Action Week featured film is **Youth v Gov**, a powerful film that follows 21 young Americans suing the world’s most powerful government to protect their constitutional rights to a stable climate. Coming in March you will be able to register to screen the film for your group for free by streaming during the window of April 11-May 1, either to an in-person audience or over Zoom.*” Deb shared with SJC to coordinate date—a Tuesday evening will be chosen. **Deb** will investigate screening procedures and additional resources for after-film discussion.
